

## ENVIRONMENTAL POLICY

M&N Containers Ltd is an environmentally conscious organisation and as such we acknowledge the potential impact that our operations may have on the environment.

This policy (as defined in the 'scope' of our Environmental Management System) has been endorsed by our Board of Directors who give their full support to its implementation. They are responsible for ensuring that it is understood, implemented and maintained at all levels within the Company.

We are committed to the protection of the environment and we will carry out our activities so as to prevent pollution wherever possible, working with our customers and suppliers, as appropriate.

We are committed to the continual improvement of our environmental performance through regular monitoring of any objectives and targets that we may set and also through documented programmes communicated throughout the organisation and to our clients, suppliers, customers and contractors.

In the implementation of this Policy we will ensure that we: -

- Comply with all applicable legal requirements and other compliance obligations which relate to our environmental aspects;
- Provide all employees with the necessary resources, equipment, information, instruction and training to fulfil the requirements of this policy;
- Minimise waste to landfill by reducing so far as is possible waste generation from our activities and maximising the reprocessing of wastes into reusable product;
- Use energy, materials and other natural resources as efficiently as possible, giving particular regard to the long term sustainability of consumable items.

We implement this Environmental Policy through the application of our integrated Management System and recognise that teamwork, engagement, ownership and support by everyone are vital for achieving our environmental objectives. In this context, we are committed to providing the required leadership, management and resources and we will ensure that this Policy is reviewed annually and communicated to all employees. It is publicly available through our website, or as may be reasonably requested by any interested party.
